

Heads & Hearts

Photography copyright Heads & Hearts

Animal Communication can be done over the phone or email. Before the session, you will need to send a picture of the animal you would like Crystal to ask to communicate. You will also need to have some questions prepared for your session. Animal Communication is a great experience for any open-minded animal lover.

Animal Communication sessions are usually \$20 for 20 minutes, but they can vary in length based on your preferences. Animal Communication is beneficial for animals... and especially for their humans.

Crystal has been practicing Animal Communication since 2014. Her teacher is Tara Argall, owner of Trailblazing Communications.
